

St. John's Fire District

Project Information and Outreach Session

Date: Thursday, April 30th, 2026
Time: 4PM-5:30PM
Address: Berkeley Electric Cooperative
1135 Main Road
Johns Island, SC 29455

FIRE STATION 5 is replacing an existing fire station with a new 12,849sf facility. It includes a metal-panel-clad apparatus bay, living area, auxiliary building, and training tower. It is currently scheduled to start on October 19th, 2026.

KIAWAH RIVER FIRE STATION 8 is a new 13,568sf fire station facility with a wood-siding-clad apparatus bay, living area, and fitness room. The scope also includes sitework to support a future EMS facility. The project is currently scheduled to begin on July 17th, 2026.

ALL TRADES WELCOME!

AGENDA FOR MEETING:

- Provide a general overview of the project and introduce team members
- Review the bid process, accessing documents, and schedule
- MWSBE goals and strategy
- Networking opportunities

If you have any questions, contact Andrew Knight at 704-332-0900 or aknight@edificeinc.com
